The Career Planning Center asks returning students to complete surveys about their summer plans and experiences. These surveys gather data about the legal and/or law-related positions that students pursue during the summer. The statistics below have been compiled from the 2012 survey responses.

**TYPE OF EMPLOYER**

- Academic .......................................................... 6.3%
- Business/Corporate ............................................. 13.3%
- Government ....................................................... 29.1%
- Judicial Internship ............................................... 10.8%
- Law Firm ............................................................ 19.6%
- Public Interest ...................................................... 20.9%

**EMPLOYER LOCATION**

- Connecticut ......................................................... 74.1%
- Massachusetts ...................................................... 11.4%
- Washington, DC ................................................... 5.1%
- New York ............................................................. 2.5%
- International ......................................................... 1.3%
- Other States ........................................................ 5.7%

**FUNDING FOR POSITION**

- Position was paid .................................................. 29.7%
- Position was unpaid ............................................. 51.2%
- Earned academic credit ........................................ 12.0%
- Not Reported ........................................................ 7.0%

**NUMBER OF WEEKS WORKED**

- Less than 8 weeks ................................................ 8.2%
- Between 8-10 weeks .............................................. 37.3%
- More than 10 weeks ............................................. 47.5%
- Not Reported ........................................................ 7.0%

**AVERAGE HOURS WORKED**

- Less than 20 hours per week ................................. 15.8%
- Between 20-35 hours per week ............................ 34.2%
- More than 35 hours per week ............................... 43.0%
- Not Reported ........................................................ 7.0%

**STUDENTS SURVEYED**

- Total First Year Respondents* ............................... 171
  - Day Division Students ....................................... 149
  - Evening Division Students ................................. 20
  - Four Year Day Division Students ....................... 2
- Total Respondents** ............................................. 95.0%

There were 158 summer legal positions reported.

Percent error = +/- 0.1%
Reported as of October 4, 2012

* Students responding to the survey are reporting information about the summer job they securing between their first and second years of law school. The Day/Evening breakdown reflects their divisional status as returning students in Fall 2012.

** Evening Division students often continue to work for their permanent employers during the summer. While survey responses are collected from those students, responses which detail non-summer jobs are not included in the figures above. Responses which indicate that students are not pursuing summer employment or that students are planning to study abroad during the summer are also not included in the figures above.
